## Reunion Recap

Philadelphia, Pennsylvania  
July 18 to 22, 2004

As expected, Philadelphia turned out to be our best reunion ever. The city is packed with history and we enjoyed learning all about our Founding Fathers. Sunday was arrival day and decoration day. By the time I arrived in Philly with my Mom and family, the LST 534 suite was all decorated. Those shipmates who arrived before me took charge and made our room look great. We graciously thank Linda Gunjak and the US LST Association for our hospitality room. We had lots of visitors from other ships as they had to pass our room to get to the ballroom where many of the USLST Association functions were held.

Monday was a day of fun. We opened our reunion by lighting our candle and saying our prayer. Guess who lit the candle this year?? — My sister, Cindy! Some of you know Cindy from the San Diego reunion. Cindy and her husband, Reggie, along with sons Weston and Diego, were such fun and a big help too. It was especially fun for me and Mom to have Cindy and her family with us this year.

We had our usual business meeting and then watched last year's reunion tape(s). We had fun remembering the last years of our togetherness. Can you believe this was our 6th reunion? Where does time go?

Oh, we also found another shipmate earlier in the year, John Stanley Primmer. Stan and his wife, Beverly, live in Rockford, Washington and thanks to Duncan Robey he was found. Stan and Bev came to Philly for our reunion and it was thrilling to have them.

We broke for lunch and reconvened at 3pm for our group pictures. Then we had dinner in the room followed by game night.

This year, we added a new game—pin the tail on the donkey. It probably wasn't such a good idea—blind folding the player and then spinning them around and around. You can imagine how it turned out. Needless to say, we won't be playing that game next year. But we did play our usual fun games, the oven mitt game and LST Bingo.

Monday night was topped off

with ice cream sundaes.

Tuesday was tour day. We boarded a bus and turned our day over to our tour guide, Marquette. She was very knowledgeable about all of Philadelphia. We saw Independence Hall where the Declaration of Independence was signed, we saw the Liberty Bell, which was smaller than I had imagined it would be.

We learned something really cool there too. You know that crack in the Liberty Bell? Well, one of the LST534 shipmates actually repaired the crack in the Bell. He had a welding company and was well known for the quality of his work. The Liberty Bell was shipped to him and he fixed the crack. Try to guess who this might be (Answer on page 3.)

We got to see the Betsy Ross House and the actual room where she sat when she sewed our flag.

We visited Christ Church where many of our Founding Fathers worshipped. Cindy and Reggie actually sat in the pew of George and Martha Washington—can you imagine?

You could feel their presence if you closed your eyes!

We had lunch at City Tavern. Here we ate as if we lived 200 years ago. Our wait staff was dressed in period uniforms and we all had a great time passing around shrub, a local drink of the time.

Wednesday morning, we had our traditional crepes prepared by our own shipmate, Chef Matthew Wachsmann. Matthew had a lot of help this year with Reggie and Cindy and Diego. It was good experience for Diego who, at 9, claims he wants to be a chef when he grows up. It was really funny—you could smell the onions, garlic, and tomatoes all the way to the hotel lobby! But we have to give Matthew big hugs for preparing our delicious crepes.

Matthew was also our guest speaker this year. Having gone to Baghdad earlier in the year, he gave an impressive view of life in Iraq. An insightful discussion ensued and it was interesting to hear the view of the LST534 veterans. We broke for lunch. In the afternoon, we packed up the room. Thanks to all who helped. It really is a group effort.

Wednesday evening was the USLST Association banquet. It's a beautiful room and everyone enjoys Andy and Rose's tomatoes and mozzarella.

Here's a few items you should know. Willie Gunn is our Scuttlebutt liaison. Send Willie anything you think might be

interesting or relevant to the LST534. Thanks, Willie, for all your efforts.

## **NEWS:**

Captain Bob Jornlin, famed Captain of the LST325, suffered an accident on his farm on August 31, 2004. He was in intensive care in Rockford, IL for about 3 weeks. He suffered 4 broken ribs, collapsed lungs, a broken left foot and massive bruises. From lots of thoughts and prayers sent his way, he recovered and will be home by the time this newsletter reaches you.

Thoughtful cards can be sent to:

## **IN MEMORIUM:**

Leroy Spencer Graham, 81, passed away on June 18th, 2004. Spencer was a motor machinist on board LST 534. He and Wilma with grandson David Graham and Kathy, came to our reunion in Mobile. We will miss him and pray he rests in peace.

Darleen Olson Meade, daughter of Captain Olson, passed away this May of liver disease. For several years, Darleen maintained our LST534 website. I never met Darleen in person, but I feel like a sister to her. Our prayers go out to her brother George and Lynn and to her husband Dallas Meade.

Stephen G. St. Laurent, 1916-2004, departed to Heaven on July 20th at 88 years of age. Stephen was a ship fitter on board. He was one of our biggest fans, waiting intently each quarter for the LST534 newsletter. We only wish Stephen could have made it to one of our reunions. Now he has a reunion up above.

Just for Fun  
is a column  
meaning just  
that – FUN.

Jim Sarres

graciously  
volunteered  
to keep it  
going.

We all know  
how Judge  
Sarres can  
keep us  
laughing!

Thanks Jim.

### Just for Fun

A blonde walks into a bank in New York City and asks for the loan officer. She's going to Europe on business for two weeks and needs to borrow \$5,000. The bank officer asks for some form of security for the loan, so the blonde hands over the keys to a new Rolls Royce. The car is parked on the street in front of the bank, she has the title and everything checks out.

The bank agrees to accept the car as collateral. The bank's president and its officers all enjoy a good laugh at her for using a \$250,000 Rolls as collateral against a \$5,000 loan. They drive the Rolls into the bank's underground garage and park it. Two weeks later, the blonde returns and repays the loan with interest, which comes to \$15.41. The loan officer says, "Miss, we are very happy to have had your business, but we are a little puzzled. We checked you out and found that you are a multimillionaire. Why would you

bother to borrow \$5,000?"

The blonde replies..... "Where else in New York City can I park my car for two weeks for only \$15.41 and expect it to be there when I return?"

Finally, a smart blonde joke.
